

Town of Barrington
PO Box 660, Barrington, NH 03825

REQUEST FOR PROPOSAL

PROPERTY & LIABILITY INSURANCE/RISK POOL COVERAGE

The Town of Barrington is requesting proposals for Property & Liability Insurance/Risk Pool Coverage. The proposed coverage shall be effective for the three year period beginning July 1, 2014 and ending June 30, 2017. However the Barrington may, at its sole discretion, choose to renew its policy with the winning proposer with two one-year extensions.

Sealed proposals will be received at the Barrington Town Office, PO Box 660, Barrington, NH 03825, (physical location 333 Calef Highway) until 11:00 am on March 20, 2014, and will be publically opened immediately thereafter. Bids shall be submitted in a sealed envelope, plainly marked with the company's name and address, noted "P&L Insurance/Risk Pool Proposal"

I. General Instructions

Proposals are to include the name of the coverage company with which the coverage will be placed. If coverage company is not a New Hampshire risk management pool it must have an A.M. Policyholder's rating of A- or better. Agents and companies must be duly licensed to do business in the State of New Hampshire by the New Hampshire Insurance Department.

- A. The Municipality seeks a Primary Comprehensive Property, Liability, Board Errors & Omissions, and Umbrella Insurance Program to encompass all of its property and all of the activities associated with the operation of the

- Town of Barrington.
- B. The town prefers that the proposed policy shall provide coverage on an occurrence basis. If any segment of coverage is not occurrence based, that must be so specified in the proposal.
 - C. Throughout the year the Municipality uses property owned by others for various activities. Property owners generally require that the Municipality indemnify from claims resulting from such use and that they be named as additional insured on our liability coverage.
 - D. All contacts regarding these specifications and arrangement for inspection should be made through John Scruton, Town Administrator.
 - E. All written proposals are due no later than 11:00 am, Wednesday, March 20, 2014.
 - F. The proposal should be sent to: Town of Barrington
Attn: John Scruton P&L Proposal
PO Box 660,
Barrington, NH 03825
 - G. It is intended that the selected insurance program will remain in force not less than three years, provided services of acceptable character are provided.
 - H. Selection will be made on the basis of what the Board of Selectmen consider the best proposal for the town balancing all factors including future expectations, adherence to these specifications, price, insurance company/risk pool and agency services including training.
 - I. The Municipality reserves the right to reject any and all proposals, and to waive irregularities in the bids, and to accept the proposal which best serves the interest of the Municipality.
 - J. If interested in responding, please contact John Scruton to see if there are any clarifications or amendments either at mail address above, phone (603) 664-7395 or email townhall@metrocast.net

II. Conditions

- A. Please provide specimen copies of insurance policies for coverages.
- B. Notice of cancellation shall read substantially as follows:

"Coverage may be cancelled by the insured or by the company, but the company shall give the insured not less

than forty-five (45) days prior written notice of such cancellation, non-renewal or material change."

- C. The policy should be quoted on an annual premium basis using July 1, 2014 as the inception date. Premiums guaranteed for more than one year should be so indicated. Any guaranteed not-to-exceed rate increases or other cost containment provisions should be stated. Any discounts for other coverages with the same company should be noted.
- D. The Municipality is most interested in obtaining coverage on an occurrence form basis. Please indicate in your proposal when this is not the case. Also make clear any cost or other provisions for the tail for the claims made portion of Public Officials Liability coverage.
- E. If any lines of coverage are on a claims-made form please outline the provisions for continuing coverage into the future upon termination.
- F. Premium payments — optional payment plans are encouraged. The town is on a calendar year for accounting and at a minimum would want to be able to pay for the coverage 6 months at a time with the following year's payment for coverage of that 6 months coming in the following year.
- G. Underwriters are asked to indicate any special engineering requirements necessary for acceptance, and service office assigned to the account.
- H. If you are the successful proposer, who will adjust claims for the Municipality in-house personnel or is the service outsourced?
- I. Please outline the loss prevention services that we can expect from your company.
- J. Please outline the training and education services that we can expect from your company.
- K. Please identify any services to the Municipality that will be outsourced by you and provide an overview of the service provider.
- L. Proposals not meeting the minimum limits may be submitted, but please specify deviations from the current coverage and proposed minimums. Unless specifically noted otherwise in your proposal, it is understood that all

coverages are provided according to the specifications without deviation.

M. Covered Persons should include:

"All employees of the insured, appointees, volunteers and any person serving with or without pay as a member of any Board, Commission or Committee operating with or appointed by the named insured."

CLAIMS

Our claims are handled in-house by a staff of experienced adjusters. A toll-free call to Concord will provide you with answers to questions on coverage, assigned adjusters, reserves, etc. Our adjusters only handle Property-Liability claims for our municipal/quasi-municipal and school members. Our philosophy considers the member-owned pooling concept and differs greatly from commercial insurers or even other non-profits. Your input into claims administration is essential and we believe this is a significant difference that is often overlooked.

All adjusters who handle the Property- Liability Trust claims are licensed in New Hampshire and have years of experience dealing with Municipal Law. Our Underwriting, Member Relations, and Risk Management departments operate from the same location. Our staff consists of former and present Selectmen, School Board Members, Firefighters, ZBA members, Town Moderators, Town Administrators, Police Officers and Emergency Management Personnel.
