City of Rochester, New Hampshire
OFFICE OF THE MAYOR
31 Wakefield Street • Rochester, NH 03867
(603) 332-1167

April 30, 2013

Mr. John Huckins, Chairman
Barrington Planning Board
P.O. Box 660
333 Calef Highway
Barrington, NH 03825

Dear Chairman Huckins:

As I know you are aware, a number of residents of the City of Rochester have been very concerned about the potential impact on their residential neighborhood of the proposed 100 acre Gravel Excavation Operation off Green Hill Road. The City Council is also concerned about its residents and the potential impact on Rochester roads if trucking from the excavation site travels towards Hansonville Road.

At its meeting April 16, 2013 the City Council asked me to send you this letter reiterating our interest in the Barrington Planning Board considering and addressing each of the issues noted in the December 31, 2012 Regional Impact Review letter from the Strafford Regional Planning Commission.

I have attached a copy of the letter, but it is also available to download from the internet at: http://www.strafford.org/cmsAdmin/uploads/SRPC-RIC-2012-03-Trinity-Conservation-LLC-Final-Technical-Review-Packet.pdf

I also want to thank you, the rest of the Barrington Planning Board and Town Planner Marcia Gasses for the respect you have shown Rochester residents as they have participated in the Planning Board review process.

Sincerely,

Thomas J. Jean
Mayor
