

Town of
Barrington
New Hampshire

2006
Annual Report

This 2007 Town Report is Dedicated to Our Staff

The following is the speech that was delivered by Chairman, George Bailey, on behalf of the Barrington Selectmen at a privately funded dinner to celebrate our employees who have served the Town of Barrington for 15 years or more.

“While it may be common to have one or two employees that exhibit that rare combination of dedication and loyalty, it is unheard of to have 15 employees who exhibit these qualities through employment spanning 15 to 28 years and equaling a combined total of over 300 years of service.

The Town has seen many changes over the years and it is because of you that our community thrives and continues to be a very desirable place to live. Your public service is exemplary and a standard by which other communities should measure themselves. Your contributions cannot be measured in years, but in the quality of service that you have provided. So, tonight we are here to honor you - for your many acts of kindness, your many years of service and for our good fortune in having you represent the Town of Barrington so honorably. Thank you from all of us for all you have done and all you continue to do. We are honored to be here with you tonight.”
