PROJECT NARRATIVE

PROJECT NAME Waiver CASE FILE NUMBER 240-15.6-NB-5-Waiver

PROJECT LOCATION 94 Young Rd.

DATE OF APPLICATION 1-28-15

Property Details:

(Single-Family) Residential Multi-Family Residential Commercial Industrial

Current Zoning: UR Lot Area Size 2.03 acres

Setbacks: Front Side Rear

Parking Spaces Required: Parking Spaces Provided:

Please describe your project and its purpose and intent. You may attach a typed description.

waiver for 10% driveway grade, in connection with Article 12.3.2(4) (Driveway Design) in Subdivision Reg) Grade
Driveway is approximately 12% but would infringe on wetlands in one direction and sight line in other direction if lengthened.
Road Agent + Fire Chief are ok with apron and driveway as it was enlarged & prepared and paved to their specifications.
Requesting waiver to obtain C.O. - Closing was scheduled for 1-28-15 - buyers have locked in their interest rate and anxious to move forward. Buyers currently live in Barrington.
Also of note is when 10% requirement was noted in driveway permit, driveway was coming in straight off Young Rd and at a much steeper grade. IT was moved to its current location for better access & to achieve the lesser grade to meet the requirement.

APPLICATION AGREEMENT

I hereby apply for Subdivision Plan Review and acknowledge I will comply with all of the ordinances of the Town Of Barrington, New Hampshire State Laws, as well as any stipulations of the Planning Board, in development and construction of this project. I understand that if any of the subdivision Plan or Application specifications are incomplete, the Application will be considered rejected.

In consideration for approval and the privileges accruing thereto, the subdivider thereby agrees:

E. To carry out the improvements agreed upon and as shown and intended by said plat, including any work made necessary by unforeseen conditions which become apparent during construction of the subdivision.

E. To post all streets "Private" until accepted by the Town and to provide and install street signs as approved by the Selectmen of the Town for all street intersections.

E. To give the Town on demand, proper deeds for land or rights-of-way reserved on the plat for streets, drainage, or other purposes as agreed upon.

E. To save the Town harmless from any obligation it may incur or repairs it may make, because of my failure to carry out any of the foregoing provisions.

E. Mr/Mrs _____of _____ to whom all communications to the subdivider may be addressed with any proceedings arising out of the agreement herein.

Signature of Owner: _____

Signature of Developer: _____

Technical Review Signatures: _____

Town Engineer/Planner Approval Signature: _____ The owners, by the filing of this application as indicated above, hereby give permission for any member of the Barrington Planning Board, the Town Engineer, The Conservation Commission and such agents or employees of the Town or other persons as the Planning Board may authorize, to enter upon the property which is the subject of this application at all reasonable times for the purpose of such examinations, surveys, test and inspections as may be appropriate.

(Refusal to sign this permission form does not invalidate an application, but the Planning Board may not be able to make an informed decision regarding unseen lands with potential areas of concerns).

Signature of Owner: _____

Note: The developer/individual in charge must have control over all project work and be available to the Road Agent and Code Enforcement Officer during the construction phase of the project. The Road Agent and Code Enforcement Officer must be notified within two (2) working days of any change by the individual in charge of the project.

RE: 94 Young Road

January 27, 2015

The driveway on 94 Young Road was approved and the culvert and apron are done and work well. Part of the requirements of this driveway permit given the location and the slope of the lot was to have an engineer make sure the slope met a 10 percent grade or less. The slope is around 12 percent so they are asking for a waiver. I have no problem with this request given the toughness of the lot, but if the waiver is granted I believe there should be a surety or bond put up and the driveway should be paved the whole way up to ensure the safest possible use and to minimize the erosion of the driveway.

Respectfully,

Peter Cook
Road Agent
