Ms. Marcia Gasses
Town Planner & Land Use Administrator
Planning and Land Use Department
Town of Barrington
Post Office Box 660
Barrington, NH 03825

Dear Ms. Gasses,

As a follow up to our discussion a few days ago I am attaching for Trinity Conservation, LLC the Project Application for the standard one year extension to the original application final approval dated January 6, 2014.

We are requesting the one year extension for additional time to continue the process of establishing the commercial use for the Trinity Conservation Project on Green Hill Road in Barrington.

While we appreciate the original approval it appears that due to the continued economic weakness over the past two years of the national, regional and local economy it has been difficult to develop resources to meet the project goals. Specifically, weakness in both the residential and infrastructure industries have severely slowed our progress.

In the past couple of months we have seen an increase in activity in these areas and the health of companies that we can work with to meet our goals over the next few months.

The assistance by the Planning and Land Use Administrator's Office and the Barrington Planning Board would be very much appreciated.

Sincerely,

Daniel J. Hussey
Managing Member
