**Old Business:**

Updates: RFP's will be sent out again for Goodwill parking. There were 15 at the Weekend Walkabout at Turbocam 7/13 including three children. John is handling contact with the Rec Commission. Tim Nolin was selected to provide forestry services on town owned lands. Charlie weed whacked the Calef Trail and stained the new bridge. Charlie and Anne made a trail across the field opposite the Cate cemetery to the beaver pond that comes out next to the cement culvert "Stonehenge". Charlie and Anne worked on the north end of the Barrington Trail cutting up several trees that had fallen across the trail and cutting back foliage. Charlie stopped right before the section where the invasives are thick. We discussed the need to reroute the trail around this section. Charlie, Denis and Anne made a switchback on Barrington Trail South to make it less steep.

Trails on Brasen Hill Farm will be sorted while John, Charlie Tatham, Charlie Briggs and Anne are there for easement monitoring. KOTR needs a kiosk after it is decided where to put it.

Charlie wants a work session to blaze the new Marsh Trail on Calef East and remove ferns from the Corner Trail. Charlie will send out an e-mail to find out when people are available.
