

DRAFT  
Barrington Trails Committee  
Meeting called to order at 6:50pm  
July 17, 2018

Present: Chair Charlie Tatham, John Wallace, Denis Beaulieu, Marika Wilde, Anne Melvin Minutes of June 12 were approved.

Old Business:

Updates: Village Place had work done cleaning up the trails on July 11 by Anne and Charlie. More cleanup is needed. Work is being done on Stonehouse Pond trails by SELT. Charlie, Denis and Anne made a new trail on KOTR. It needs brushing, blazing with blue markers and clean up of debris. We discussed the abutter who complains about our trail work there as she wants the property undisturbed. The rock in the Calef parking lot has been removed and the trees that could be a danger will be removed on Monday July 23.

The Newhall bridge construction needs a work day. This was scheduled for July 24 at 9am.

Brasen Hill Farm needs a decision re: trails priorities. We decided on the trail to the tailings pile, a trail connecting to SATWaSR and a perimeter trail around the property would be priorities.

A ledges loop is needed on Goodwill. Trail work is needed on Calef Preserve East.

New Business:

There will be a second picture post on SATWaSR on the high point of the large field in the Rabbitat area next to the bird banding project. Charlie will ask Charlie Moreno for assistance with the project.

Weekend Walkabouts schedule: August 11, 9:30am, Calef Preserve led by Anne September 8, 9:30am, Highland Trail led by Denis Summer work sessions: Newhall, Village Place Next meeting will be August 22 as the American Legion Hall will not be available on August 14.

Respectfully submitted,  
Anne Melvin
