Land Surveyor: TF MORAN INC.

I DANIEL HUSSEY seek the following waiver to the Town of Barrington Site Plan regulations for the above case submittal:

3.3 Existing Conditions Plan

Surveyor's certification - Stamped and signed by Licensed Land Surveyor

The base plan was prepared using plans prepared by Seacost Engineering Associates, which is stamped by a Licensed Land Surveyor and has recorded at the Strafford County Registry of Deeds. The applicant proposes to waive the requirement to survey the side property line because it is the westerly abutter and the Isinglass River forms the easterly property line. The proposed limit of work is over 250 feet from the river. The contractor will set temporary monuments to delineate the proposed limit of disturbance in the field during excavation. The applicant agrees to delineate the rear of lot 210-57 and survey the rear of lot 210-57 prior to Final Planning Board Approval.
