PART IV – If this is a JUSTIFICATION FOR VARIANCE

The Zoning Board of Adjustment may not authorize a zoning ordinance variation unless ALL of the following criteria are met. Please provide evidence that the requested Variance complies by addressing the issues below.

- ☐ 1. Special conditions exist such that literal enforcement of the Ordinance will result in unnecessary hardship to the applicant as defined under applicable law.
THE EXISTING LOT IS A SMALL LAKESIDE LOT WITH A SMALL 900 SF HOME. THE LOCATION OF THE PROPOSED ADDITION WOULD NOT ADVERSELY AFFECT THE NEIGHBORHOOD.
- ☐ 2. Granting the variance would be consistent with the spirit of the Ordinance.
YES - THE INTENT OF THE ORDINANCE WOULD BE UPHOLD BY NOT IMPACTING THE NEIGHBORS IN A NEGATIVE WAY.
- ☐ 3. Granting the variance will not result in diminution of surrounding property values.
NO - THE VALUES WOULD NOT BE AFFECTED.
- ☐ 4. Granting of the variance would do substantial justice.
YES - WE HAVE BEEN TRYING TO DEAL WITH THE EXISTING CONDITIONS AND FEEL THIS IS THE BEST SOLUTION.
- ☐ 5. Granting of the variance would not be contrary to the public interest.
NO - GRANTING OF THIS VARIANCE IS CONSISTENT WITH THE CURRENT CONDITIONS OF THE LAKE COMMUNITY

PART V – If this is a JUSTIFICATION FOR SPECIAL EXCEPTION

Please provide evidence that the requested Special Exemption complies by addressing the issues below.

- ☐ 1. No detriment to property values in the vicinity of the proposed development will result on account of: the location or scale of buildings, structures, parking areas, or other access ways; the emission of odors, smoke, gas, dust, noise, glare, heat, vibration, or other pollutants; or unsightly outdoor storage of equipment, vehicles, or other materials.
THE ADDITION WILL NOT IMPEDERE ANY VIEWS, PARKING OR OTHER NEGATIVE IMPACTS. ADDITION IS LOW PROFILE TO CONFORM WITH EXISTING HOME.
- ☐ 2. No hazard will be caused to the public or adjacent property on account of potential fire, explosion, or release of toxic materials.
RESIDENTIAL HOME DWELLING USE ONLY. NO NEGATIVE IMPACT
- ☐ 3. No creation of a traffic safety hazard or substantial traffic congestion will result in the vicinity of the proposed development.

NO IMPACT PROPOSED.

- ☐ 4. No excessive demand on municipal services and facilities, including, but not limited to waste disposal, police and fire protection, and schools.

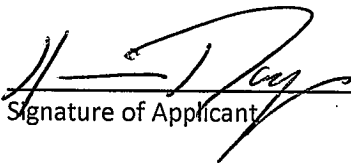

DEMAND WILL NOT INCREASE DUE TO THE APPROVAL OF THIS VARIANCE.

- ☐ 5. The proposed use will not result in the degradation of existing surface and groundwater quality standards, nor will it have adverse effects on the natural functions of wetlands on the site that would result in the loss of significant habitat or flood control protection.

ALL CURRENT GROUNDWATER FLOW WILL REMAIN CONSISTENT WITH EXISTING CONDITIONS.

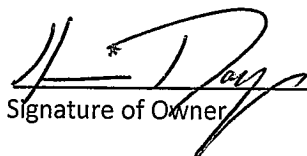

In addition to the guiding principles specified above, the ZBA may condition the granting of a special exception upon more stringent standards if the Board determines that such conditions are necessary to protect the health and welfare of the town and its residents. Such conditions may include the following and should be addressed in the Narrative:

- ☐ 1. Front, side, or rear yards in excess of the minimum requirements of this Ordinance.
- ☐ 2. Screening of the premises from the street or adjacent property by walls, fences, or other devices.
- ☐ 3. Limitations on the size of buildings and other structures more stringent than minimum or maximum requirements of this Ordinance.
- ☐ 4. Limitations on the number of occupants and methods and times of operation.
- ☐ 5. Regulation of the design and location of access drives, sidewalks, and other traffic features.
- ☐ 6. Location and amount of parking and loading spaces in excess of existing standards.
- ☐ 7. Regulation of the number, size, and lighting of signs in excess of existing standards.

SITE / CONTEXT PHOTOS

Using Guidelines Below

Provide color photographs showing the site and surrounding buildings/properties in order to provide staff, boards and commissions with a visual impression of the current site conditions.

1. Photos are to be taken looking toward the site and adjacent to the site.
2. Photos should show adjacent improvements and existing on-site conditions.
3. Number the photographs according to view.
