**Re: Request for extension of Conditional Approval  
The Homestead Subdivision  
Gerrior Lane Trust  
Barrington, NH**

Dear Ms. Gasses:

MJS Engineering, PC would like to formally request an extension of the conditional approval granted by the planning board on March 3, 2015, regarding the above listed Subdivision. MJS Engineering has made the plan changes for the conditions and is working with the owner to complete the other precedent conditions, but the State permits have not been issued as of this date. The applications have been submitted and additional information has been requested. We are in the process of providing responses to the NHDES for the finalization of the permits. MJS anticipates that all conditions can be met within the next 4 months. To be sure we have adequate time to complete all of the conditions, MJS is requesting a 6 month extension to February 1, 2016.

The owner anticipates construction will begin in the spring of 2016. Please call me at (603) 659-4979 x302 with any questions or comments.

Sincerely,

Michael Sievert, P.E.  
President

CC: Peter Daigle, Gerrior Lane Trust
