**RE: Proposed Site Plan - Milo's Pizza & Grill
NH Route 9, Barrington, NH
Tax Map 238, Lot 7
JBE Project No. 14084**

Dear Ms. Gasses,

Jones & Beach Engineers, Inc., respectfully submits a Project Application for the above-referenced parcel on behalf of our client, The Three Socios, LLC, and property owner, George Tsoukalas. The intent of this project is to construct a proposed water system including pump house, waterlines, and access on the subject property.

The following items are provided in support of this Application:

1. Completed Comprehensive Application and Checklist.
2. Waiver Request.
3. Copy of Current Deed.
4. Easement Deed.
5. Letter of Authorization from Owner of the Property.
6. Abutters List & Mailing Labels (3 sets).
7. Check in the amount of \$295 for review and notification fees.
8. Tax Map for Subject Parcel.
9. Six (6) reduced-size (11" x 17") plan sets.
10. Five (5) full-size plan sets.

If you have any questions or need any additional information, please feel free to contact our office. Thank you very much for your time.

Very truly yours,
JONES & BEACH ENGINEERS, INC.

Barry W. Gier, P.E.
Senior Project Manager

Subdivision, Site Review, and Lot Line Adjustment Application Checklist
Barrington Planning Board
Adopted January 20, 2009

This checklist is intended to assist applicants in preparing a complete application for subdivision as required by the Barrington Subdivision Regulations and must be submitted along with all subdivision applications. An applicant seeking subdivision approval shall be responsible for all requirements specified in the Barrington Subdivision Regulations even if said requirements are omitted from this checklist.

An applicant seeking subdivision approval shall be responsible for providing all the information listed in the column below entitled "Subdivision" and should place an "x" in each box to indicate that this information has been provided. If an item is considered unnecessary for certain applications the "NA" box should be marked instead indicating "Not Applicable". Only certain checklist items are required for lot line adjustments, as noted by the applicable check boxes below.

Check The Appropriate Box or Boxes Below:				
<input type="checkbox"/> Lot Line Relocation See Section I & II	<input checked="" type="checkbox"/> Site Plan See Sections I & II	<input type="checkbox"/> Subdivision Plan See Sections I, II, III, IV & V		
			Provided	NA
Section I.				
General Requirements				
1. Completed Application Form	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
2. Complete abutters list	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
3. Payment of all required fees	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
4. <u>Five (5) full size sets of plans and six (6) sets of plans 11" by 17" submitted with all required information in accordance with the subdivision regulations and this checklist</u>	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
5. Copies of any proposed easement deeds, protective covenants or other legal documents	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
6. Any waiver request(s) submitted with justification in writing	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
7. Technical reports and supporting documents (see Sections IX & X of this checklist)	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
8. Completed Application Checklist	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
Section II.

8. Site Inventory and Conceptual Development Plan (from preliminary Conservation Subdivision review only)	<input type="checkbox"/>	<input checked="" type="checkbox"/>		

Site Plan Waiver Request Form

Under Site Plan Regulations 3.9.8-Waivers and Article 8-Waiver Procedure

If there is more than one waiver requested, each waiver request is to be individually listed and described, as each waiver is considered individually by the Town of Barrington Planning Board. A petition for waiver shall be submitted in writing by the applicant with the application for review. The request shall fully state the grounds for which the waiver is requested and all facts supporting this request with reference to the applicable Barrington Site Plan Regulations article, section and paragraph. **Each waiver granted shall be listed on the approved site plan.**

Name of Site Plan (See Title Box): Proposed Site Plan - Milo's Pizza & Grill

Case Number: _____

Site Location: NH Route 125 (Tax Map 235 Lot 83)

Zoning District(s): Town Center

Owner (s): George Tsoukalas

Address of Owner(s): PO Box 684, Barrington, NH 03825

APPLICATION AGREEMENT

I hereby apply for Subdivision Plan Review and acknowledge I will comply with all of the ordinances of the Town Of Barrington, New Hampshire State Laws, as well as any stipulations of the Planning Board, in development and construction of this project. I understand that if any of the subdivision Plan or Application specifications are incomplete, the Application will be considered rejected.

In consideration for approval and the privileges accruing thereto, the subdivider thereby agrees:

- E. To carry out the improvements agreed upon and as shown and intended by said plat, including any work made necessary by unforeseen conditions which become apparent during construction of the subdivision.
- E. To post all streets "Private" until accepted by the Town and to provide and install street signs as approved by the Selectmen of the Town for all street intersections.
- E. To give the Town on demand, proper deeds for land or rights-of-way reserved on the plat for streets, drainage, or other purposes as agreed upon.
- E. To save the Town harmless from any obligation it may incur or repairs it may make, because of my failure to carry out any of the foregoing provisions.
- E. Mr/Mrs ALICE of JONES + BENNETT ENGINEERS to whom all communications to the subdivider may be addressed with any proceedings arising out of the agreement herein.

Signature of Owner: BARRY W. GUN FOR GEORGE TSOURAKIS

Signature of Developer: _____

Technical Review Signatures: _____

Town Engineer/Planner Approval Signature: BARRY W. GUN FOR TOWN The owners, by the filing of this application as indicated above, hereby give permission for any member of the Barrington Planning Board, the Town Engineer, The Conservation Commission and such agents or employees of the Town or other persons as the Planning Board may authorize, to enter upon the property which is the subject of this application at all reasonable times for the purpose of such examinations, surveys, test and inspections as may be appropriate.

(Refusal to sign this permission form does not invalidate an application, but the Planning Board may not be able to make an informed decision regarding unseen lands with potential areas of concerns).

Signature of Owner: _____

Note: The developer/individual in charge must have control over all project work and be available to the Road Agent and Code Enforcement Officer during the construction phase of the project. The Road Agent and Code Enforcement Officer must be notified within two (2) working days of any change by the individual in charge of the project.

WARRANTY DEED

Know all persons by these presents, that Haleys Corner Limited Partnership, of 43 Stratham Heights Road, Stratham, County of Rockingham, State of New Hampshire 03885

FOR CONSIDERATION PAID, GRANTS TO George Tsoukalas, of P. O. Box 684, Barrington, County of Strafford, State of New Hampshire 03825

WITH WARRANTY COVENANTS, the following described premises:

A certain tract of land being depicted on a plan entitled "Site Plan of Haley's Common in Barrington, NH, showing site plan of Tax Map 15 Lot 6 C & E" prepared by Parker Survey & Engineering, and duly recorded at the Strafford County Registry of Deeds as Plan 68-23, and being more particularly bounded and described as follows:

Beginning at a concrete bound set in the northeasterly side of Route 9 and the southerly corner of the within described property; thence running along the sideline of Route 9 N 45° 31' 00" W a distance of 136 feet to a concrete bound; thence turning and running N 47° 30' 00" E a distance of 326.92 feet to an iron pipe; thence turning and running N 47° 49' 00" W a distance of 56 feet to an iron pipe; thence turning and running N 48° 48' 00" E a distance of 278.92 feet to an iron pipe at land now or formerly of Dover Assembly of God; thence turning and running S 50° 22' 00" E along said Dover Assembly of God land and land now or formerly of Tischendorf a distance of 183 feet to a point at land now or formerly of Calef; thence turning and running S 46° 52' 58" W a distance of 286 feet to an iron pipe; thence turning and running S 47° 26' 00" W along land now or formerly of French a distance of 332.37 feet to a concrete bound and the point of beginning.

This is not homestead property.

Meaning and intending to describe the same premises conveyed to Haleys Corner Limited Partnership by Quitclaim Deed of Terra Vide Realty Trust, dated November 1, 2004 and recorded at the Strafford County Registry of Deeds at Book 3094, Page 0662.

The above described premises were depicted on a plan entitled "Revised Boundary Survey, Waldron B. Haley, Barrington, N.H." dated January 1976 by Frederick E. Drew, Associates, and duly recorded at the Strafford County Registry of Deeds as Plan 17A-27. Subsequent to the recording of that plan, the boundary between the above described premises and land owned by the State of New Hampshire and designated as Route 9 was agreed to by the abutting property owners, and is reflected in the concrete bounds as depicted on plan 68-23, and as described above.

WITNESS its hand this 16th day of November, 2006.

EASEMENT DEED

George Tsoukalas, an individual with an address of P.O. Box 684, Barrington, New Hampshire 03825 (the "Grantor"), for consideration paid, grants to **The Three Socios, LLC**, a New Hampshire limited liability company having its principal office at 321D Lafayette Road, Hampton, New Hampshire 03842 (the "Grantee"), with WARRANTY COVENANTS, the perpetual right and easement more particularly described below, over, under and across a portion of certain land in the in the Town of Barrington, Strafford County, New Hampshire located off Route 9 known as Tax Map 238, Lot 7 (the "Premises") shown as "40.00' Access & Utility Easement From Map 238 Lot 7 to Benefit Tax Map 235 Lot 4 7,372 SF" (the "Easement Area") on a plan entitled "Easement Plan, Tropic Star Convenience, Calef Highway (Rte. 125), Barrington, NH" dated _____, 2014 prepared by Jones & Beach Engineers, Inc. and recorded at the Strafford County Registry of Deeds as Plan No. _____ (the "Plan").

Reference is made to the following:

A. Grantee owns certain real property in the Town of Barrington, Strafford County, New Hampshire located off Route 125 known as Tax Map 238, Lot 4 (the "Three Socios Lot") as shown on the Plan, which is adjacent to the Premises.

B. Grantee seeks to develop the Three Socios Lot as a gas station and convenience store, which will include the installation of underground fuel storage tanks and related equipment, or as any other commercial use in Grantee's sole discretion (the "Development").

C. Grantee has obtained a Well and Water Line Easement over property owned by Barrington Village Place, LLC known as Barrington Tax Map 238 Lot 14 and as shown on the Plan (see Well and Water Line Easement recorded in the Strafford County Registry of Deeds at Book 4163, Page 317) to install a water supply well, underground pipes and related equipment (collectively the "Well") on such property to supply potable water in Grantee's sole discretion to certain properties including the Three Socios Lot and the Premises (collectively the "Served Lots").

D. Grantor has agreed to allow the Grantee to install and maintain a pump house and related equipment and fixtures as hereinafter set forth on the Premises to supply potable water to the Served Lots (the "Pump House" and collectively with the Well and related pipes and equipment providing water to the Served Lots are collectively referred to herein as the "Water System").

TERMS

1. PURPOSE. The Grantee shall have the perpetual and exclusive right to lay, construct, install, operate, maintain, repair, replace and remove a pump house, underground pipes, ducts, conduits, valves and such equipment and other appurtenances as the Grantee may from time to time desire in its sole discretion to provide water service to the Served Lots. This conveyance shall include the right of access across said Easement Area for all purposes in connection with the exercise of the within granted rights and easement, including the conduct of pump tests and investigations; the construction of a gravel driveway from the Three Socios Lot to the pump house and adjacent land owned by Barrington Village Place, LLC known as Barrington Tax Map 238 Lot 14, not to exceed fifteen (15) feet in width; the right to excavate, trench, and backfill by men or machines and to temporarily place excavated earth and other material on said Easement Area and adjacent to the gravel driveway area, provided that the said Easement Area and areas adjacent to the gravel driveway shall be restored by the Grantee to substantially the condition in which each was immediately prior to such access, excavation, trenching, and backfilling; the right to trim, cut down and remove bushes, trees and other plant growth on the Easement Area as and to such extent as in the reasonable judgment of the Grantee is necessary for any of the above purposes; the right, to be exercised only for temporary periods when continuity of service requires, to install temporary above-ground water and electricity lines over and across said Easement Area as well as temporary backup generators to provide water service to buildings on the Served Lots; and the right to erect and maintain underground electrical utility lines, at the election of Grantee, as necessary to provide electricity to the Water System.

2. MAINTENANCE. Grantee shall be solely responsible for all work and expenses related to the design, permitting (if any), and initial construction of the Water System and the connection of the Water System to the existing plumbing system that supplies water to the Premises. Grantee agrees to perform such work in a good and workmanlike manner. Grantee assumes no responsibility for the existing plumbing system, pipes and equipment serving the Premises, including any modifications or alterations to such system, pipes or equipment required as a result of the Water System. Grantee shall be solely responsible for the maintenance and repair of the Water System, except that the Grantor shall be solely responsible for work and expenses related to the maintenance and repair of any portions of the Water System that exclusively serve the Premises. Grantor shall be responsible to reimburse Grantee its Share (as hereinafter defined) of Grantee's actual documented fees, costs and expenses related to replacement of the water pump or pumps which are part of the Water System. As used herein, the Grantor's Share shall be a

fraction, the numerator of which shall be 1 and the denominator of which shall be the number of lots connected to the Water System at the time such expenses are incurred.

3. WATER SUPPLY.

A. Grantee shall be solely responsible for all work and expenses related to the design and initial construction of the Water System, and the connection of the Water System to the existing plumbing that supplies water to the Premises. Grantee agrees to perform such work in a good and workmanlike manner. Notwithstanding the foregoing, Grantee assumes no responsibility for the existing water pipes and equipment serving the Premises, including any modifications, alterations or replacements of such system, pipes or equipment required as a result of the Water System. Three Socios shall provide reasonable advance notice to the Grantor prior to shutting off the water to the Premises during any period of construction and shall use reasonable efforts to limit the shutoffs to those hours of the day and days of the week when the business on the Premises is not in operation.

B. Upon installation of the Water System, Grantor shall discontinue the use of the existing well and water supply serving the Premises and to obtain its water from the Water System. Grantee shall be solely responsible for any costs and expenses required to discontinue the existing well and water supply on the Premises. Grantor agrees not to construct or install any wells on the Premises.

C. Grantee shall be solely responsible for all work related to the operation, maintenance and repair of the Water System, except that Grantor shall be solely responsible for work and expenses related to the maintenance and repair of any portions of the Water System that serve the Premises exclusively. Grantee shall comply, at its sole expense, with all applicable laws, rules and regulations regarding monitoring and treatment of water at the wellhead/pump-house, and provide evidence of such compliance to Grantor upon request. Notwithstanding the foregoing, Grantor shall be responsible at its sole cost and expense for any monitoring and testing of water required at the taps or faucets used by Grantor on the Premises. If Grantor's monitoring/testing indicates a problem with the water supply which is not evident in the wellhead monitoring/testing, Grantor shall be responsible to obtain a diagnosis of the cause of such problem and shall provide a copy of such diagnosis to Grantee. Grantor shall be solely responsible to remedy the cause(s) of such problems that exist on the Premises outside of the Easement Area and Grantee shall be solely responsible to remedy the cause(s) of such problems that exist within the Easement Area or between the Easement Area and Well.

D. Grantee shall supply reasonable quantities of water to the Premises from the Water System at no charge to Grantor consistent with Grantor's current use of the Premises as a 2,492 square foot, 57 seat paper service restaurant, and in accordance with applicable permits and approvals for the Water System and use of the Premises. It is understood that Grantor's current water use is for consumption by employees, guests and invitees of the Premises as part of its customary restaurant operations. Grantee agrees to

supply Grantor with additional water, up to 4,520 gallons per day, provided that the increased usage complies with applicable permits and approvals for the Water System and use of the Premises. Grantee agrees to supply Grantor with sufficient additional water for Grantor to fulfill Grantor's obligations, if any, arising under a certain unrecorded "Easement" by and between George Tsoukalas and George and Arvilla Calef dated August 2, 2007. Grantee shall not sell or otherwise supply water from the Water System to anyone other than the persons aforementioned in this paragraph 3.D.

E. Grantee shall in no way be liable for any loss, damage, or expense that Grantor may sustain or incur by reason of any change, failure, interference, disruption, or unavailability in the supply of the water furnished to the Premises, unless caused by the negligence or willful misconduct of Grantee, its officers, directors, agents, employees, licensees, contractors or invitees.

4. COMMENCEMENT/TERMINATION. Notwithstanding anything else in this Easement, the obligations of the Parties under this Easement shall commence upon Grantee's receipt of all final unappealable permits and approvals necessary for the Development and Water System and Grantee's election to construct the Development and Water System, failing which Grantee is authorized to record in the Strafford County Registry of Deeds a notice of termination of this Easement on behalf of the Parties. If a public water supply becomes available to serve the Premises, Grantor shall connect to such public water supply at Grantor's sole cost and expense, and Grantee shall no longer be obligated to supply water to the Premises. Upon drilling of the well(s) for the Water System, Grantee shall have the right to conduct testing in its sole discretion to determine the adequacy of the Water System, including water quantity and quality, to supply water to the intended users. If Grantee is unsatisfied with the results of such testing, in its sole discretion, Grantee shall be entitled to terminate this Easement and record a notice of termination in the Strafford County Registry of Deeds on behalf of the Parties.

5. GRANTOR'S USE OF EASEMENT AREA. The Grantor, for itself and its successors and assigns, covenants and agrees that (i) it will not erect or maintain any permanent building or structure of any kind or nature upon the Easement Area, or plant or permit to be planted any trees, bushes or shrubs over the Water System; (ii) it shall not materially alter the grade of the Easement Area as such grade exists at the time of the installation of the Water System; and (iii) it shall not act in any manner that will violate the conditions of any permits or approvals for the Water System, or impair the integrity of the water supply.

The Grantor further covenants and agrees, for itself and its successors and assigns, that in the event of excavation or grading by Grantor, which in the good faith opinion of the Grantee might materially disturb, dislocate, damage or endanger said Water System, the Grantor will install reasonable shoring or bear the expense of its installation at reasonable locations specified by the Grantee or its representatives, and in the event of any damage to said pipes or other equipment as a result of such excavation or grading, the

Grantor will pay the cost of repair to, or replacement of, said pipes or other equipment as the case may be.

6. RELOCATION. Neither Grantee nor Grantor will unreasonably withhold their respective consent to the other's requests for changes in the location of some or all of the Water System from time to time, provided that the party requesting such relocation shall pay for the costs of such changes, and provided also that such changes shall not materially interfere with the use and operation of the Water System.

7. COMPLIANCE WITH LAW. The parties shall use, possess, and maintain the Easement Area in compliance with all applicable federal, state, and local laws, codes, ordinances, statutes, rules and regulations.

8. INDEMNIFICATION. The Grantee shall hold harmless, defend and indemnify the Grantor for all suits, demands, claims, losses, damages, causes of action and expenses, including reasonable attorney's fees, arising out of the actions of the Grantee and its agents, representatives, employees, contractors or subcontractors undertaken at the direction or authorization of the Grantee within the Easement Area. The Grantee, in its sole discretion, may assume the defense of any and all such suits, demands, claims, losses, damages, causes of action and expenses at its sole cost and expense. The Grantor shall provide timely notice of any and all suits, demands, claims, losses, damages, causes of action and expenses to permit the Grantee to conduct the defense. The indemnity shall not be effective in the event of suits, demands, claims, losses, damages, causes of action and expenses caused by the Grantor's negligent, reckless, willful or wanton conduct.

The Grantor shall hold harmless, defend and indemnify the Grantee for all suits, demands, claims, losses, damages, causes of action and expenses, including reasonable attorney's fees, arising out of the actions of the Grantor and its agents, representatives, employees, contractors or subcontractors undertaken at the direction or authorization of the Grantor within the Easement Area. The Grantor, in its sole discretion, may assume the defense of any and all such suits, demands, claims, losses, damages, causes of action and expenses at its sole cost and expense. The Grantee shall provide timely notice of any and all suits, demands, claims, losses, damages, causes of action and expenses to permit Grantor to conduct its defense. The indemnity shall not be effective in the event of suits, demands, claims, losses, damages, causes of action and expenses caused by Grantee's negligent, reckless, willful or wanton conduct.

9. TEMPORARY WATER LINE CONSTRUCTION EASEMENT. Grantor does hereby establish, create and grant to Grantee a temporary, non-exclusive easement in, to, over, across and through a portion of the Premises shown as "10' Temporary Construction Easement Premises" on the Plan (the "Temporary Construction Easement") for the purposes of laying, constructing and installing underground pipes, ducts, conduits, valves and such equipment and other appurtenances to connect the Water System to the existing plumbing system supplying potable water to the Premises. This conveyance shall include the right of access from, to and across the Premises for all purposes in connection

with the exercise of the within granted rights and easement; the right to excavate, trench, and backfill by men or machines and temporarily to place excavated earth and other material on the Premises, provided that the Premises shall be restored by Grantee to substantially the condition in which it was immediately prior to such access, excavation, trenching, and backfilling; the right to trim, cut down and remove bushes, trees and other plant growth on the Premises as and to such extent as in the reasonable judgment of Grantee is necessary for any of the above purposes. The Temporary Construction Easement shall terminate upon completion of construction of such water connection.

10. RUNS WITH THE LAND. This Easement shall be a covenant running with the land and shall be binding upon and inure to the benefit of the owners from time to time of every portion of the respective Parcels and their successors, assigns, tenants, guests, licensees, invitees and mortgagees. Grantee shall be entitled to assign the Water System and operation thereof to a third party without the need to obtain Grantor's consent.

EASEMENT

EASEMENT, made this 2nd day of August, 2007 by and between George Tsoukalas of Barrington, County of Strafford and State of New Hampshire (mailing address: P.O. Box 299, Barrington, NH 03825), hereinafter the Grantor, and George and Arvilla Calef of Barrington, County and State aforesaid (mailing address: 9 Mallego Road, Barrington, NH 03825), hereinafter the Grantees, as follows:

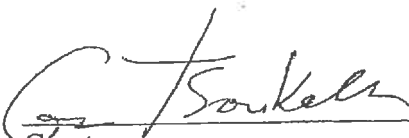

1. Grantor is the owner of a parcel of land located on the northerly side of Route 9, so-called, in the Town of Barrington, being Lot #7 on Assessors Map 238.
2. Grantees are owners of a parcel of land on the easterly side of Route 125, so-called, in said Barrington, being Lot #5 on Assessors Map 238. The rear of Grantees' lot abuts the lot of the Grantor.
3. For a number of years, and prior to Grantor's purchase of Lot #7, Map 238, Grantees have drawn water from a well located on said lot for the benefit of the commercial use located on Grantees' parcel.
4. Grantor now proposes to locate a new well on Lot #7, Map 238 that will service a commercial use to be located on that parcel. This will require the discontinuance of the use of the existing well.
5. In view of the above, upon the installation and activation of the new well, Grantor shall grant to Grantees an easement to access the new well and the right to draw water from the new well to the extent of Grantees current use of the existing well. The location of the service line to Grantees' lot shall be determined by Grantor's design engineer.
6. The cost of the installation of the new well shall be borne by Grantor. Grantees shall be responsible for the construction and maintenance of any new line on their property.
7. A meter shall be installed to measure and monitor the usage of water by the premises on Lot #5, Map 238. Following the initiation of service from the new well the occupant of the premises of Lot #5 shall be responsible for a share of the costs of utilities and any future repairs or improvements related to the use of the well in an amount equal to the percentage of the occupant's use of water as determined by the meter.

8. This easement shall remain in full force and effect as long as Grantees or their successors continue the current commercial use on Lot #5, Map 238.
9. Grantor or his Agent shall have the right, upon reasonable notice, and at reasonable times, to enter upon the premises on Lot #5, Map 238, to determine Grantees' level of consumption of water from the newly installed well.

Letter of Authorization

I, George Tsoukalas, PO Box 684, Barrington, NH 03824, owner of property located in Barrington, NH, known as Tax Map 238, Lot 7, do hereby authorize Jones & Beach Engineers, Inc., PO Box 219, Stratham, NH, to act on my behalf concerning the previously mentioned property. The parcel is located on NH Route 9 in Barrington, NH.

I hereby appoint Jones & Beach Engineers, Inc., as my agent to act on my behalf in the review process, to include any required signatures.
