Re: Proposed Major Subdivision,
Boulder Drive and New Bow Lake Road

Dear Mr. Chairman and Board Members:

This is written to formalize a request for continuance with regard to the referenced subdivision.

We are currently scheduled to be present at the April 15th Planning Board hearing and have not received engineering comments from Dubios & King for the project since our last submittal on April 2nd. We would respectfully request to be continued to the next available hearing.

Very truly yours,
BEALS ASSOCIATES, PLLC
