#### PART IV – If this is a JUSTIFICATION FOR VARIANCE

The Zoning Board of Adjustment may not authorize a zoning ordinance variation unless ALL of the following criteria are met. Please provide evidence that the requested Variance complies by addressing the issues below.

- ☐ 1. Special conditions exist such that literal enforcement of the Ordinance will result in unnecessary hardship to the applicant as defined under applicable law.

The building envelope for this lot as set forth in the zoning ordinance of the town of Barrington is not large enough to allow for construction of a single family house.  
As an existing lot of record, the owner should not be denied the right to make reasonable use of the lot via construction of a single home.

- ☐ 2. Granting the variance would be consistent with the spirit of the Ordinance.

It is the opinion of this firm, and our clients that the town zoning ordinance was never intended to restrict owners of existing non-conforming lots from making a reasonable use of their property.

- ☐ 3. Granting the variance will not result in diminution of surrounding property values.

The proposed construction is consistent with the other primary structures in the vicinity, also construction of a new house in this neighborhood would improve the overall appeal of the surrounding properties.

- ☐ 4. Granting of the variance would do substantial justice.

Granting the variance would allow the owner to have a single family home and make reasonable use of this lot.

- ☐ 5. Granting of the variance would not be contrary to the public interest.

The proposed project will have no negative affect to abutting property owners, or the neighborhood at large.

#### PART V – If this is a JUSTIFICATION FOR SPECIAL EXCEPTION

Please provide evidence that the requested Special Exemption complies by addressing the issues below.

- ☐ 1. No detriment to property values in the vicinity of the proposed development will result on account of: the location or scale of buildings, structures, parking areas, or other access ways; the emission of odors, smoke, gas, dust, noise, glare, heat, vibration, or other pollutants; or unsightly outdoor storage of equipment, vehicles, or other materials.

- ☐ 2. No hazard will be caused to the public or adjacent property on account of potential fire, explosion, or release of toxic materials.

- ☐ 3. No creation of a traffic safety hazard or substantial traffic congestion will result in the vicinity of the proposed development.

---

☐ 4. No excessive demand on municipal services and facilities, including, but not limited to waste disposal, police and fire protection, and schools.

---

☐ 5. The proposed use will not result in the degradation of existing surface and groundwater quality standards, nor will it have adverse effects on the natural functions of wetlands on the site that would result in the loss of significant habitat or flood control protection.

---

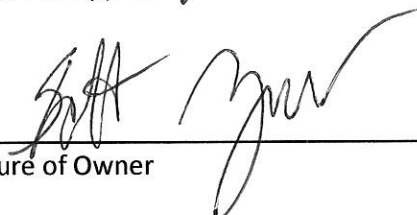

**In addition to the guiding principles specified above, the ZBA may condition the granting of a special exception upon more stringent standards if the Board determines that such conditions are necessary to protect the health and welfare of the town and its residents. Such conditions may include the following and should be addressed in the Narrative:**

- ☐ 1. Front, side, or rear yards in excess of the minimum requirements of this Ordinance.
- ☐ 2. Screening of the premises from the street or adjacent property by walls, fences, or other devices.
- ☐ 3. Limitations on the size of buildings and other structures more stringent than minimum or maximum requirements of this Ordinance.
- ☐ 4. Limitations on the number of occupants and methods and times of operation.
- ☐ 5. Regulation of the design and location of access drives, sidewalks, and other traffic features.
- ☐ 6. Location and amount of parking and loading spaces in excess of existing standards.
- ☐ 7. Regulation of the number, size, and lighting of signs in excess of existing standards.

## SITE / CONTEXT PHOTOS

Using Guidelines Below

Provide color photographs showing the site and surrounding buildings/properties in order to provide staff, boards and commissions with a visual impression of the current site conditions.

1. Photos are to be taken looking toward the site and adjacent to the site.
2. Photos should show adjacent improvements and existing on-site conditions.
3. Number the photographs according to view.

## Project Narrative

Nippo Pond LLC  
Tax Map 112, Lot 37.1, Harlan Drive,  
Barrington, NH 03825

Nippo Pond LLC is proposing to build a single family home with appropriate services and utilities. Due to this lot being located on Nippo Pond, the building envelope is not large enough to accommodate a single family home. Nippo Pond LLC is seeking a variance in order to be allowed to build this single family house in the location depicted on the submitted plan. Moving the proposed home easterly would place the home in a position where there are wetlands downslope between the home and Nippo Pond, this would diminish the value of the property and increase the potential for disturbance of the wetland and buffer. Moving the home easterly would also interfere with a potential septic system easement for abutting Lot 36

## LETTER OF AUTHORIZATION

June 23, 2014

To Whom It May Concern:

We the undersigned, hereby authorize Randy Orvis, Bernard Cote, and Ashley Rowe of Geometres Blue Hills LLC to act on our behalf in all manners relating to local and state permitting, including the signing of all documents related to these matters for the property located at Harlan Drive (Tax Map 112, Lot 37.1), Barrington, NH. Any and all acts carried out by Randy Orvis, Bernard Cote, and Ashley Rowe of Geometres Blue Hills LLC on our behalf shall have the same affect as acts of our own.

This authorization is valid until further written notice from Scott Zielfelder of Nippo Pond LLC.

Sincerely, LAND USE OFFICE
