Meeting start time – 0735

Note: “Town Forester Services” cost proposals were received from eight foresters/companies and their sealed mailings were opened at the Town Hall at 4:00 PM on Thursday, May 23 with Conner MacIver, Brian Lenzi, Dan Ayer, and George Bailey present. Six copies of the submittals were printed and presented to Lenzi for use at the Town Lands Committee Meeting on Friday 7:30 AM.

Cost proposals from the eight providers were reviewed and examined and it was recommended that three of the submittals would no longer be considered while five others would require further review and consultation with references. Lenzi was to check on Megan Henderson, Janelle work on Forest Land Improvement, and Dupere on Saddleback Mountain Forestry.
