## TOWN REPORT

Provided by : Town Administrator, John Scruton

With a convenient geographical location and excellent programming, Barrington is a fantastic place to celebrate summer. The Barrington Public Library and Barrington Recreation offer a wide variety of activities, many of which are included in this issue of the Town Common. Currently, the Recreation Commission is replacing the playground located on Ramsdell Lane, next to the Barrington Public Library and the Barrington Recreation office. The upgrade includes new equipment as well as improved access providing new opportunities for young children to play in a safe, colorful and stimulating environment.

Summer is a wonderful time to consider hiking and enjoying the many acres of natural surroundings conserved by the Town. While the SELT Stonehouse Forest is our newest addition to these properties, it is one of many conservation areas open to the public including but not limited to: the A. Harlan Calef Isinglass Preserve on Town Farm Road; where a parking area has been constructed and the Samuel A. Tamposi Water Supply Reserve (SATWaSR); with parking on Route 125 south of Liberty Truck near the town line. A

comprehensive list can be found on the Barrington Conservation Commission website: [www.barringtonconcom.org](http://www.barringtonconcom.org).

The Select Board continues its long-term focus on infrastructure. The owners of the property where Town Hall is located have agreed to another 1 year extension of the lease. The Police Department is developing solutions to address the necessary upgrades and improvements to their portion of the Public Safety Building.

Engineering continues for the 2019 replacement of the Mallego Road bridge with the Greenhill Road bridge to follow. The State of New Hampshire has agreed to fund 80% of the cost of these two projects. The 2018 budget included approximately \$700,000 for road improvements. Road paving falls into 3 different categories: Overlay, Reclamation or Wear Course. Overlay adds 2 ½ inches of pavement to the existing road, increasing the thickness of the pavement. Reclamation includes grinding up and reshaping the existing road, then installing a new 2 ½ inch layer of pavement. Wear Course adds a 1 ½ inch protective layer of newer and tougher pavement over the existing road. The Select Board has approved Overlay on: Calef Island Road, Muchado Drive, Beauty Hill Road by Ross Road to Hall Road and Boulder Drive. Caldwell Lane, Boyle Lane, Evans Road, Morgan's Way, Bear Creek Road and Captain Bud's Lane will all be Reclaimed. Mast Road, Robinson Lane, Hillside Drive, Wildcat Road, France Road and Mica Point Road will all be enhanced with Wear Course.

As always, our objective is to maintain and better the Town's property for the safe use and enjoyment of the residents. Have a wonderful and fulfilling summer!

## Department of Public Works—Highway Dept.

Town of Barrington Road Projects for 2018 have started, please check our website or our Facebook page for updates. Remember to use caution in work zones and reduce your speed. Summer maintenance of mowing and ditching has begun, be on the lookout for Highway crews working in the road. As always when you see the Highway crews out in Town, please show them some respect by being patient, slowing down and giving them plenty of room. Sometimes their view and hearing are impaired by the equipment they are using.

Want up to date information on road construction or maintenance that is going on around town? Please check the Highway Departments website: <https://www.barrington.nh.gov/highway-department>

Drivers should be extra cautious in looking for child pedestrians and bicyclists during the summer.

### Tips for Drivers:

- Be alert, especially in residential areas.
- Expect the unexpected. Children may cross the street at the wrong place or suddenly run or ride in front of you.
- Obey all laws. Slow down if there are children along the road or crossing the street. Come to a full stop at intersections.
- Be predictable. Don't make sudden maneuvers that others, particularly children on foot or on a bicycle, are not expecting.
- Double check behind you and around you when backing out of a driveway or parking space.
- Don't be distracted. Put down the coffee, put down the cell phone, and put both hands on the wheel. Avoid distractions within your vehicle, including loud music.
- Yield the right of way to pedestrians. It isn't just courteous, it's the law.
- Parents can help by reminding their children about staying safe on the roads.

The Friends generally takes the summer off to tend to our own gardens, but we're already planning events for the fall. In addition to another raffle (tickets are sold at the Friends of Music Craft Fair in November), we're anticipating the fourth annual **Just Desserts** event, set for Saturday, November 3 at the Library.
