

**NOTICE: Town Lands Committee Meeting on 1-14-2023 at 7:30 AM
(Saturday morning) at the Public Safety Building**

AGENDA:

1. Determine dates for following: February, March, and April meeting dates.
2. Discuss the three (Goodwill, Town Forest, Hwy Department) Forest Steward Plans that Tim Nolin has provided. Also interested in Town Farm Rd and Tamposi Conservations and the 64 acre property (Map 220, Lot 57) on Tolend Rd.
3. Weather permitting, travel to behind the Town Highway Garage. Will walk around on the town owned 80 acres behind the highway department buildings on Smoke Street (Map 224, Lot 10). Will see if there are some stewardship items in Town Forester Tim Nolin's Forest Steward Plan we could follow up on. Look at area for turtles laying eggs and also where blue bird houses could be placed. Behind the ballfields, on the west side of the property it appears beavers have dammed some areas where trails may be desired. Maybe conditions where a bridge is a possibility? Attempt to locate iron pin at northwest corner of property?
