Dear Board Members:

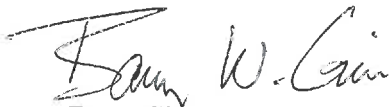

Jones & Beach Engineers, Inc., on behalf of the applicant, Hard Rock Development, LLC respectfully requests the above-referenced project be continued until such time as the requested information and reports be completed.

Since our last public hearing, the applicant has met with the State regulatory agencies and contracted a hydrogeologist to complete the required report. State regulatory agencies have requested have an extended timeline for monitoring of the groundwater associated with the hydrogeological study. The required timeline will extend into the summer, although initial reporting will be completed within the next several months.

The applicant is not opposed to the project being tabled by the Planning Board until such time as the requested information and reports can be completed to the satisfaction of the regulatory agencies. The applicant is aware that if the project is tabled by the Planning Board the applicant will be responsible for the cost of reposting the notice of public hearing and for renotification of the abutters prior to the project being removed from the table and heard by Planning Board.

If you have any questions or need any additional information, please feel free to contact our office. Thank you very much for your time and we apologize for any inconvenience.

Very truly yours,  
**JONES & BEACH ENGINEERS, INC.**
