## MEMO

May 5, 2020

To: Tiffany Caudle

Reference: Map 112 Lot 23  
Location: 90 Flower Drive  
Owner: Marc and Darlene Moreau

The Barrington Planning Board at the May 5, 2020 meeting expressed without objection to send a letter to the Select Board stating that they knew of no pending projects or conditions that would hinder the issuing of a building permit for Map 112 Lot 23, located on Flower Drive. The Board recommends that care be given not to allow the site line to change depending on the height of the disposal system to be installed. Any damage to the dirt section of Flower Drive on the way to this lot during construction will be at the homeowner's expense. Owners are already members of the Flower Drive Road Association.

Sincerely,

*Marcia J. Gasses*
