I Tobin Farwell seek the following waiver to the Town of Barrington Site Plan regulations for the above case submittal: Article 4.12 Outdoor Lighting

**The existing buildings on the property have existing lighting to properly light the office area and public settings. There are no lights along the roads of the existing campground. Generally, people carry flashlights or head lamps when moving around the campground at night. On each site, campers have a door lights and many campers put up awning lights. Therefore we are asking for a waiver on adding lighting to the proposed development area.**
