Dear Marcia:

On February 4, 2020 the Board voted to continue the Site Review Application and Special Permit Application to allow the application to make progress on state permits and third party review.

At this time the applicant has not made sufficient progress on state permits or the third party review to warrant further discussion by the Board at Tuesday's meeting.

We respectfully request that the Board further continue this application to their meeting on April 7, 2020.

Please advise should you have any questions.

Very truly yours,
TRITECH ENGINEERING CORP.
