In support of 2A Tactical's request for a variance...

We simply cannot allow misguided uncompromising self-important officials to use their government position to conduct a spiteful, unnecessary, targeted campaign to crush a successful business just because he/she doesn't like the LEGAL products and services being offered! We cannot condone OUR tax dollars being spent to drive a tax generating, successful business into the ground, most ESPECIALLY when that business has already presented and begun the process of buying land and building a facility that will generate even MORE tax revenue for our town! It's un-Barringtonian! HELL, it's un-American!
