Barrington Select Board:

We are writing this letter to tell you our opinion of 2A Tactical LLC.

As a competing business, we would have every reason to write a letter disparaging 2A Tactical's request for an extension to continue doing business until they move to their new location on Rte. 125. That said, we are writing for the exact opposite reason – simply put Barrington needs more businesses like 2A Tactical.

2A Tactical provides jobs to veterans and tailors their work culture to support the needs of each employee. In addition to that they raise money for numerous charities within our community. Rob and his team work hard to provide services that can be found nowhere else on the Seacoast. If you look at their business model, it is unique and well supported by the firearms patrons of the Seacoast. This is a local business. we as a town, should continue to support. When our business was in front of the planning board, Rob and his team supported us, again not something you see between rival businesses. This is how great our town is, its strength comes from the unity of its residents and businesses.

We, as a town, need to empower small business owners and their employees to grow and not bury them with litigious restrictions. We ask that you consider the good of the community, how they have handled themselves during this crisis, and what they plan to do before ruling or deciding on this. Rules exist for a reason, but so do exceptions.
