Lot Line Revision
336 & 352 Second Crown Point Road
Barrington, NH
Tax Map 204, Lot 12 & 13

Dear Chairman and Members of the Barrington Planning Board,

On behalf of the owners of the previously mentioned parcels Berry Surveying & Engineering (BS&E) is filing for a lot line revision between Tax Map 204, Lot 12 & 13.

BS&E has surveyed the perimeter of both parcels and has conducted a wetlands analysis and topographic survey of the developed areas of the two parcels. (See waiver request for complete topographic features of the parcel). The intent of the lot line revision is to rotate the southerly boundary line of Lot 12 to the north, and slide the current rear boundary to the easterly edge of the Berry River. This results in Lot 12 becoming larger, for a total acreage of 8.29 Ac., with Lot 13 becoming smaller, with a total acreage of 19.84 Ac. Both lots maintain the current frontage and maintain the respective building areas.

Thank you for your time and attention to these matters.

Lot Line Revision
336 & 352 Second Crown Point Road
Barrington, NH
Tax Map 204, Lot 12 & 13

o Dear Chairman and Members of the Barrington Planning Board,

On behalf of the owners of the previously mentioned parcels we are requesting a waiver to the Subdivision (Lot Line Revision) Plan Checklist in regards to the following items.

- Wetland Delineation

We have provided this information for both lots enough to prove that each lot remains buildable. We are requesting the waiver to not show this data on the entirety of each lot due to the size of each lot involved. Providing this data on the entirety of the lots would result in a financial burden on the applicant in the form of plan preparation and survey work and would not result in a dataset which would allow the Board to make a more informed decision on the project.

- Topographic Contours

We have provided this information for both lots enough to prove that each lot remains buildable. We are requesting the waiver to not show this data on the entirety of each lot due to the size of each lot involved. Providing this data on the entirety of the lots would result in a financial burden on the applicant in the form of plan preparation and survey work and would not result in a dataset which would allow the Board to make a more informed decision on the project.

- All Required Setbacks

We have provided this information for both lots enough to prove that each lot remains buildable. We are requesting the waiver to not show this data on the entirety of each lot due to the size of each lot involved. Providing this data on the entirety of the lots would result in a financial burden on the applicant in the form of plan preparation and survey work and would not result in a dataset which would allow the Board to make a more informed decision on the project.

Page 2 of 2

We have listed the setbacks as required in the Zoning Ordinance on the plan and it would be the responsibility of the land owners, developers, septic designers, and the Town's Building Inspectors to be certain that, in the future, no setbacks are encroached upon.

Thank you for your time and attention to these matters.

Applicant: _____ Case #: _____

Subdivision, Site Review, and Lot Line Adjustment Application Checklist
Barrington Planning Board
Adopted January 20, 2009

This checklist is intended to assist applicants in preparing a complete application for subdivision as required by the Barrington Subdivision Regulations and must be submitted along with all subdivision applications. An applicant seeking subdivision approval shall be responsible for all requirements specified in the Barrington Subdivision Regulations even if said requirements are omitted from this checklist.

An applicant seeking subdivision approval shall be responsible for providing all the information listed in the column below entitled "Subdivision" and should place an "x" in each box to indicate that this information has been provided. If an item is considered unnecessary for certain applications the "NA" box should be marked instead indicating "Not Applicable". Only certain checklist items are required for lot line adjustments, as noted by the applicable check boxes below.

Check The Appropriate Box or Boxes Below:		Provided	NA		
<input checked="" type="checkbox"/> Lot Line Relocation See Section I & II	<input type="checkbox"/> Site Plan See Sections I & II

APPLICATION AGREEMENT

I hereby apply for Subdivision Plan Review and acknowledge I will comply with all of the ordinances of the Town Of Barrington, New Hampshire State Laws, as well as any stipulations of the Planning Board, in development and construction of this project. I understand that if any of the subdivision Plan or Application specifications are incomplete, the Application will be considered rejected.

In consideration for approval and the privileges accruing thereto, the subdivider thereby agrees:

- E. To carry out the improvements agreed upon and as shown and intended by said plat, including any work made necessary by unforeseen conditions which become apparent during construction of the subdivision.
- E. To post all streets "Private" until accepted by the Town and to provide and install street signs as approved by the Selectmen of the Town for all street intersections.
- E. To give the Town on demand, proper deeds for land or rights-of-way reserved on the plat for streets, drainage, or other purposes as agreed upon.
- E. To save the Town harmless from any obligation it may incur or repairs it may make, because of my failure to carry out any of the foregoing provisions.
- E. Mr/Mrs _____ of DAV + JON BERRY to whom all communications to the subdivider may be addressed with any proceedings arising out of the agreement herein.

Signature of Owner: Doug Berry Jon Berry

Signature of Developer: _____
