September 6, 2022

Dear Chairman and Members of the Barrington Planning Board,

We have been working with department heads and land use staff to work through some of their comments on the application and plans. We had hoped to have a revised plan set which would address those comments submitted one week before meeting of today's date, but were unable to meet that deadline.

Therefore, Berry Surveying & Engineering on behalf of the applicant, requests a continuance of the application to the next scheduled Planning Board meeting at which point the board will have had adequate time to review the revised plans and associated documents. Thank you for your consideration, time, and attention to this matter.

BERRY SURVEYING & ENGINEERING

Daniel O'Lone
Project Manager
