Re: Tax Map 269 Lot 11-1
336 Old Concord Turnpike
Route 4, Barrington NH

Extension Request for Site Plan As built.

Dear Vanessa:

On behalf of the project proponent, Heather Stanley, we are requesting a 30-day extension for the conditions of approval to accomplish the installation of the wetland buffer placards and prepare the final as-built plan.

The owner contracted with a fence company to install the placards, and several were installed off the wetland buffer line and needed to be relocated. Due to scheduling delays the fence company is expected to be on site today to relocate the placards.

The work is expected to be complete this week and when complete we will prepare the as-built plan forthwith.

Sincerely,

CIVILWORKS NEW ENGLAND

Stephen J. Haight, P.E.
