Attention: Vanessa Price – Town Planner

RE: **236-4-GR-20-SR (Owner: Sunset Rock LLC)** Request by applicant for Site Review to increase their operation in Barrington from 83.3 acres to a total of 88.8 acres (Map 236, Lot 4) (Map 222, Lot 13) and for a 3.4 Conditional Use Permit located backland off Tolend Road in the General Residential Zoning District.

Dear Ms. Price:

In accordance with the precedent conditions outlined in the Planning Boards Notice of Decision dated January 18, 2022, for the above referenced application, please find enclosed a copy of Alteration of Terrain Permit No. AoT-2313 dated March 8, 2023.

Sunset Rock, LLC (SSR) believes another extension is unnecessary because all conditions precedent are complete/fulfilled and we are therefore requesting receipt of the final permit.

Please let me know if you feel it necessary to attend the July meeting in the event any member may have questions about the precedent conditions being satisfied?

If you have any questions, please do not hesitate to contact me. You can reach me at (978) 805-9744 or via e-mail at [estevenson@broxindustries.com](mailto:estevenson@broxindustries.com).

Sincerely,

Erik Stevenson
