Barrington, NH

Mr. Chair and Members of the Barrington Planning Board,

On behalf of our client, TSB Construction LLC, Berry Surveying & Engineering (BS&E) is requesting a 60-day extension to the previously approved project to meet precedent conditions.

The applicant has had to undertake a large amount of research pertaining to the roads in Barrington to obtain an NHDOT Permit. That permit has now been issued and the State Subdivision Permit was elidable for Submission. This request has been submitted to NHDES and we are awaiting that final permit. Once received we can supply the Land Use Office with the final plans pursuant to the Conditions of Approval.

Respectfully submitted,  
BERRY SURVEYING & ENGINEERING

Principal, President
