- ROAD
- PRIVATE ROAD
- - - RIGHT OF WAY
- TRAIL
- - - UTILITY EASEMENT

## REGIONAL ENVIRONMENTAL PRIORITIES

- Habitat
- Mill Location
- Natural Resource
- Water Resource
- Scenic Resource
- Historic Resource
- Other Points of Historical Interest

## CONSERVATION LANDS

- Conservation Easement
- Flowage Rights or Easement
- Fee Ownership
- "Set Aside" Open Space Areas of Developments

## OUTLINES ON THE MAP REPRESENT EXISTING CONSERVATION AREA, ACCORDING TO THE FOLLOWING LEVELS OF CONSERVATION:

- 1. Conservation land, protected from development through conservation easement, restrictions, or outright ownership by organization or agency whose mission includes protecting land in perpetuity; more than 50% of area will remain undeveloped.
- 2. Unofficial conservation land. Owned by an agency or organization whose mission is not conservation, but whose intent is to keep the land for conservation, water supply protection, passive recreation, or educational purposes.
- 2A. Water supply lands. Lands owned or controlled by suppliers of public drinking water. Includes all supplies owned by municipality or a subdivision of a municipality, and all private water systems which serve 500 people or more.

## NOTES

THIS MAP IS BASED ON THE TOWN OF BARRINGTON, NEW HAMPSHIRE PROPERTY MAPS PREPARED IN 2003 BY CARTOGRAPHIC ASSOCIATES, INC. IT IS INTENDED FOR REFERENCE AND PLANNING PURPOSES ONLY.

PROPERTY LINES CURRENT TO APRIL 1, 2021  
SOURCE DATA PROVIDED BY STRAFFORD REGIONAL PLANNING COMMISSION.

**CONSERVATION/PUBLIC LANDS**  
The conservation/public lands data layer describes parcels of lands which because of conditions of ownership of federal, state, or local government, conservation organization, or other entity, in fee simple or less than fee, e.g. conservation easement, are essentially protected from being completely developed. The associated data file for this data layer contains information on the level of protection for each land holding. The data development has relied on several sources, including the USGS Digital Line Graphs (1:24,000 scale) parcel boundaries, Society for the Protection of NH Forests records, as well as original deeds and tax maps. Parcel boundaries were compiled on 1:24,000-scale, mylar quad overlays in preparation for automation. This data has been updated September 1998.

**REGIONAL ENVIRONMENTAL PLANNING PROGRAM**  
Environmental resources were identified by SRPC municipalities and mapped by SRPC 1996 under contract from NH Department of Environmental Services. Regional Environmental Planning Program undertaken to identify priority areas for future conservation by the NH Land and Community Heritage Commission.

OTHER POINTS OF HISTORICAL AND CULTURAL INTEREST were provided by the Barrington Historical Society and automated by Strafford Regional Planning Commission in 1999.
