

October 29, 2020

To the Board of Selectmen
Town of Barrington, New Hampshire

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Barrington, New Hampshire for the year ended December 31, 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 28, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town of Barrington, New Hampshire are described in Note 1 to the basic financial statements. During the year ended December 31, 2019, the Town adopted and implemented GASB Statement #84 – *Fiduciary Activities*. Accordingly, the cumulative effect of the accounting change as of the beginning of the year has been reported in the financial statements and is described in Note 15 to the basic financial statements. We noted no transactions entered into by the Town of Barrington, New Hampshire during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the governmental activities, each major fund and the aggregate remaining fund information's financial statements were:

Management's estimate of the allowance for uncollectible taxes receivable is based on taxpayer bankruptcies, abatements subsequently issued, historical collection levels, and an analysis of the collectability of individual accounts. Also, management's estimate for the allowance for uncollectible accounts receivable is based on historical collection levels and an analysis of the collectability of certain accounts. We evaluated the key factors and assumptions used to develop the allowances in determining that they are reasonable in relation to the financial statements taken as a whole. Management's estimates of the useful lives of capital assets are based upon historical records of utilization, necessary improvements and replacements. We evaluated the key factors and assumptions used to develop the depreciable useful lives of capital assets in determining that they are reasonable in relation to the financial statements taken as a whole. Additionally, management's estimate for the liability for landfill postclosure care costs is based on anticipated future monitoring and maintenance costs provided by the Town's engineering firm which appear reasonable in relation to the financial statements taken as a whole.

Significant estimates also include actuarial assumptions used in determining pension and other post-employment benefits costs which are based on plan audited financial statements and a plan actuarial valuation report, respectively. We evaluated the assumptions used in the plan audited financial statements and the plan actuarial valuation report to determine that they are reasonable in relation to the financial statements as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. Please see the attached schedule of material misstatements detected as a result of audit procedures and corrected by management.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 29, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Town of Barrington, New Hampshire's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management prior to retention as the Town of Barrington, New Hampshire's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the management's discussion and analysis, budgetary comparison information, schedule of changes in the Town's proportionate share of the net OPEB liability, schedule of Town OPEB contributions, schedule of changes in the Town's total OPEB liability and related ratios, schedule of changes in the Town's proportionate share of the net pension liability, and schedule of Town pension contributions, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining nonmajor governmental fund financial statements, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of the Board of Selectmen and management of the Town of Barrington, New Hampshire and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Vashon Clukay & Company PC

Town of Barrington, New Hampshire
